

TO THE POETRY DAY

Dr. Brajesh Kumar Gupta

I ask you to take a poem and something start in my soul,
To find: the scene is set;
Like a mountain spring, anonymous and serene
Diamonds of creative industry that help human beings make sense
A great opportunity to have pupils focus on pronunciation but also expression
The same hot lightning that burns your blood with passion
There's also a chance to bring out the poet in you
Indulgence is my friend and foe, together,
Unexplored my heart stands
For emotions, instinct, breath and native gesture
The angel song is spilling out dimensions in my mind
Trying to shake off the feeling but it would not die,
Hid deep in rushes, where at random play
I write about the need to turn inwards for life to really begin
All poets wonder if the brittle on a stick is enough
Everybody either to write it or even to read it
Genuine, then you are interested in poetry
My passion and my pleasure in the earth
I've really love to But I simply, Happy Poetry Day, my friend.
